

GRAPHIC

ENVIRONMENTAL POLICY

Q009E-6

In pursuit of its primary objective, Graphic Plc aims to meet all necessary regulatory and consent requirements relevant to the business activities.

Graphic Plc has established an environmental management system and, through continual improvement, the company aims to minimise environmental impact and strive for sustainability by....

Assessing the local and global impact of the company's activities

Introducing and managing controls to minimise the impact of these activities

Setting objectives and targets, establishing appropriate management programs and monitoring and reviewing progress.

Selecting environmentally sympathetic processes to minimise waste and reusing or recycling materials where possible

Managing buildings, equipment, processes and substances in an environmentally sensitive manner to minimise pollution and reduce carbon emissions

Establishing and maintaining emergency procedures to minimise the effects of environmental incidents.

Fostering and maintaining an environmental awareness in employees, suppliers and customers by training, discussion and communication.

Reviewing and revising this policy as necessary and at regular intervals.

These commitments begin with the Executive Chairman and the management team, and are paramount requirements throughout the Company.

A handwritten signature in black ink, appearing to read 'Rex Rozario', is written over a horizontal line. The signature is fluid and cursive, with a long, sweeping underline that extends to the left.
