<b>Employer</b>	Graphic Plc
<b>Job title</b>	<b>Quality Engineer</b>
<b>Closing date</b>	30 June 2022
<b>No of posts</b>	1
<b>Job categories</b>	Quality Department - Manufacturing
<b>Hours</b>	Monday to Thursday 08:00 to 17:00 and Friday 08:00 to 14:00. Some flexibility may be required.
<b>Salary</b>	Negotiable, depending on experience.
<b>Job description</b>	<p>We are looking for a Quality Engineer to monitor and improve the quality of our operational processes and outputs. The Quality Engineer's responsibilities include designing quality standards, inspecting materials, processes, and products, developing quality control systems, and determining corrective actions. You will also work with managers and team leaders to implement quality measures.</p>

You should be familiar with various inspection techniques and be able to act as an auditor for all of our internal systems identifying issues and recommending solutions.

As a successful Quality Engineer, you should have excellent troubleshooting skills and be able to meet established quality standards.

Ultimately, you will help us build products that address customer' needs.

### **Quality Engineer Responsibilities:**

- ❖ Developing and implementing quality standards.
- ❖ Developing and implementing quality control systems.
- ❖ Monitoring and analysing quality performance
- ❖ Investigating and troubleshooting product or production issues in a timely manner.
- ❖ Developing corrective actions, solutions, and improvements.
- ❖ Reviewing codes, specifications, and processes.

This is a full time permanent position and we look forward to the successful candidate joining our Quality Team, the majority who have been with the Company for many years.

**What you bring to the Team:**

- ❖ Previous work experience as a Quality Engineer or similar.
- ❖ Hands-on experience with Quality Management Systems (QMS)
- ❖ 2+ years of experience in quality engineering, quality assurance, or a similar role.
- ❖ Good understanding of technical documentation
- ❖ Strong communication and interpersonal skills.
- ❖ Strong analytical and problem-solving skills.
- ❖ Ability to maintain a high level of detail
